DETAILED ACTION

1. Applicant's amendment filed 7/30/04 has been entered and made of record.
2. Claims 5, 11, 14, 20, and 28-39 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Regarding claims 5, 11, 14, and 20, the closest prior art [Weinberger et al (US Patent No. 5,680,129)] does not teach or suggest: identifying a non-local trend within the context pixels in which identification of each non-local trend references a trend context pixel in addition to the context pixels in which the pattern of unique tones are identified.

Regarding claims 28 and 34, the closest prior art [Weinberger et al (US Patent No. 5,680,129)] does not teach or suggest: identifying within an extended context region that includes the basic context region a non-local trend within the context pixels.

Dependent claims 29-33 and 35-39 are also allowed for the same reasons as above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
